2. As forms are not stocked here, immediate compliance with indents is not possible. Printing forms supplementally will take considerably longer time than supplying copies by departmental transfers. As the claims against many of the items are too low to justify supplemental printing may have to be supplied by transfer.

In the case of items R.F.XII-A-38, 124, 143-A and 143-B in which fairly large quantities have been indented for copies will be printed and supplied supplementally. In the case of other forms the Chief Conservator may be asked to supply forms by interdepartmental transfer. The forms may be indented for when the next Annual indent is due.
